“ I first met this wonderful lady in October 2000. She interviewed me for a job and during that interview we became friends sharing laughter, fun and sad times for the next 19 years. Carol was the best supervisor I could ever have imagined having, even when she had to do things that didn't make me happy, nor did she want to do, we still respected each other and still remained friends. I will forever cherish all the time I had with her at work and personal. One thing I will always remember her telling us in the office, whenever we would "wish" for the weekend to arrive etc. She would always say "Don't wish your life away...enjoy every minute". I miss her terribly and will love her forever. I thank the Malone family for sharing her with me.

“ Just heard of her passing...and I am in total shock. Carol was always the quiet neighbor. She loved working out in her flowers and bushes. She and Richard have been neighbors for approx.35-40 yrs. and didn't realize she was sick...such a sweet lady. May she rest in peace....my condolences to Richard and all her family.

“ I'm so sorry to hear of Carol's passing. My first job as a nurse was working with Carol in a clinic where she was the receptionist. She was great at the job and was so kind to all of the patients. I wasn't surprised when I heard she had decided to go to nursing school. Kind, smart dependable and capable are the things that I remember about her.
